## DEFINITELY DÜSSELDORF OUR SCHLOSSTURM

---

The castle tower belongs to Düsseldorf just like our renowned distillery does. The landmark of the state capital houses the Maritime Museum and is the centre of social life on the banks of the river Rhine – then as now, it is a special place. We were delighted to create a herbal liqueur with character in honour of the castle tower in 2000. In 2019 SCHLOSSTURM is launched with a new and exciting look, all the while staying true to our original family recipe.

Schmittmann's SCHLOSSTURM tastes exceptionally aromatic and pleasantly bitter. Is it a liqueur or a bitter? Our spirit is somewhere in between and that's why it is so popular. The locals love to drink SCHLOSSTURM as a cocktail, with a beer, pure or on ice. It also is an excellent souvenir from one of Düsseldorf's oldest family manufacturing factories.
